10 YEARS WARRANTY

SANITARYWARE

Explore the elegance of Bafit to uplift the decor of your bathroom. Bafit Sanitaryware provides a wide array of designs and features, fashioned for different settings and needs. Whether in coordination with our faucets or even individually we offer a plethora of wash basins, offering Wall Hung, Over Counter, Under Counter and Counter - top installations. Easy to use and universally well- designed, our range of products will surely satisfy all your sanitary needs to create that perfect sanctuary of satiation.

Anti-Germ Glazing

An additional glaze of anti-bacterial Fluoro-Polymer is applied on all bafit WCs and Wash Basins through a special process to ensure protection from unseen and unwanted bacteria. Forming an immensely strong hydrophobic shield helps prevent the build up of bacteria and germs. Indian humid weather conditions often foster more unwanted and unseen bacteria and germs, for which this glazing is highly ideal. Not only is it for protection against germs but it also renders the surface durable and highly dirt, oil and liquid repellent. Also aids in effortless removal of hard water deposits.

Clean & Odour-free Wcs

Each sanitaryware product is installed with traps. These traps are important to hold water and protect odours from the sewage to travel back into your living space. At bafit our traps of water are also thoroughly glazed for increased protection.

- Prevents dust and dirt from sticking inside the trap itself.
- Further facilitates effortless flushing as well as waste removal
- Overall protection from bad odour.
- Ensures dirt collection and no give out of odours.

Soft Closing Detachable UF Seat Cover

- Load bearing capacity of over 150 kgs
- The shape and texture of the seats to remain unaffected by temperature variations
- Resistance to peeling off & deformation over time
- Also dye and stain and scratch resistant
- For long lasting functionality a special buffer oil is used in the hinges

Stringet quality parameters

- Autoclave Test for Craze Resistance
- Spectrophotometer Test for color stability
- Chemical Resistance Test to avoid the possibility of stains
- Flushing tests include 100 Ball Test and Ink Test
- Load Bearing Test 400 kgs for WC and 100 kgs for Wash Basins

Easy Installation

- Easy to fix to wall due to flatness of parts
- Ensure gap free installation between wall, floor and the fitting portions of the sanitaryware.
- Perfect fitting for a flawless look
- Easy to install due to elongated rag bolts holes which are elliptical in shape.

After Sales Service

A relationship of trust between our clients and us due to our perseverance to serve even after sales. A large network of service providers in every area to ensure hassle free experience. Also offering preventive maintenance services to avoid disruptions of peace in functionality.

Uniform Standard

Regularity and uniformity practices throughout all products available for retail and project. No differences in terms of product quality, design and colour.

Rimless WC.

For efficient flushing and effortless cleansing we use innovative and hygienic designs.

Blind Installation

No side windows for installations, the designs add to the aesthetic neatness of the WC.

Tornado Flushing

Cleans entire toilet rim as well as the bowl more effectively while reducing water consumption at the same time.

Bafit strives to reach beyond the functional and practical. Whilst mastering the capabilities of our product we also delve upon the aesthetics of our offerings. Being a part of your everyday, our products are more than just something you use and put back under covers. To always be on display and look it's best is the effortless art are products are enabled to portray.

Matching your aesthetic sensibilities is our range of classic, modern and all-matching shades that hold the power to uplift any space.
